

MAX2000

AltiGen Communications announces availability of the new MAX2000.

The MAX2000 is an enhancement to our existing MAX1000 and MAX1000R platforms with support for up to 100 users and built in hot swappable RAID-1 hard drives and redundant hot swappable power supplies. In addition, the processor speed has been upgraded to an Intel Pentium M 1.6GHz processor and gigabit Ethernet support has been added.

PRICING:

The suggested end user price for the MAX2000 is:

AWRP	SA	Total \$
\$3,900	\$195	\$4,095

TECHNICAL SPECS:

Part Number	ALTI-MAX2000-A1
Slots Available For Use	2
CPU	Pentium M 1.6GHz
Memory	1GB DDR-333
Hard Drive	SATA 2x80GB
Hard Drive Redundancy	RAID1 (hot-swapping)
Power Supply Redundancy	2x250W (hot-swapping)
Ethernet Port	10/100/1000 (GB Ethernet)
Operating System	Windows XP Pro
Maximum VoIP Ports	60 G.711 and 12 G.723/G.729
Maximum Users	100
Bundled License	8ST/8MC/1AC
